Hi Nathan,

As discussed during our last call, please find attached the sample location map for additional soil samples that are proposed on the segment of the Union Pacific railroad (UPRR) area west of soil removal Area 14 and in the area of off-site soil samples at W-1/W-2. Once we receive concurrence from EPA on the proposed sampling, we will forward the information to the UPRR contact to begin the process for obtaining access for sampling. Please let us know if you want to setup a call to discuss further.

Thank you, Linda
